

## Rep. Eshoo Statement on Navy's Hangar One Proposal

Washington, DC &ndash; Rep. Anna G. Eshoo (D-Palo Alto) issued the following statement in response to the Navy's proposal to strip Hangar One in Moffett Field of its toxic siding and leave the structure's steel frame in place.

&ldquo;I am cautiously optimistic about the Navy&rsquo;s announcement today about the future of Hangar One. Having worked on this issue since 2003, today&rsquo;s announcement is a great example of how a community can work together to save a historic landmark.

&ldquo;It is my hope that as we continue to work with the Navy, the community, and historic preservation authorities to find a workable final solution that respects the public&rsquo;s overwhelming desire to restore Hangar One, that we will finally prevail.&rdquo;
